Meeting the educational needs of Eastern Kentucky while striving to constantly improve the quality of its public service, economic development and applied research programs are the primary objectives of Morehead State University.

Historically the University traces its lineage to the Morehead Normal School, which opened its doors in 1887. The private school closed in the spring of 1922 when the Kentucky General Assembly established Morehead State Normal School. The state institution accepted its first students in the fall of 1923 and graduated its first class in 1927. Name changes occurred in 1926 when "and Teachers College" was added, again in 1930 when it was shortened to Morehead State Teachers College, again in 1948 when "Teachers" was dropped and, finally, to university status in 1966. Twelve men, starting with Dr. Frank C. Button, have served as president. Dr. Ronald G. Eaglin assumed office as the 12th president on July 1, 1992.

Academically, the University offers 76 undergraduate degree programs, including nine associate level degrees and 12 pre-professional programs in four colleges -- Business, Education, Humanities, and Science and Technology -- and 19 academic departments. There are 15 graduate degree programs plus 17 graduate level non-degree programs designed especially for professional educators. A post-master's level degree, education specialist with four speciality areas, and a joint doctoral program with the University of Kentucky also are offered on the MSU campus.

Classes also are conducted in Ashland, Jackson, Maysville, Pikeville, Prestonsburg, West Liberty, Whitesburg and other locations.

The University

Extended campus centers located in Ashland, Jackson, Prestonsburg, and West Liberty are staffed with full-time personnel. Additionally, the University offers a number of distance learning courses throughout the region via Internet and interactive video. Sixty-one percent of MSU's 340 full-time faculty members hold doctoral degrees.

Physically, the University is located in the foothills of the Daniel Boone National Forest in Rowan County. The nearly 500-acre main campus within the city limits of Morehead includes more than 50 major structures with a total replacement value of more than \$144 million. Beyond the city, the University's real estate holdings include the 320-acre Derrickson Agriculture complex and a nine-hole public golf course. The instructional plant includes 120 class rooms and 112 laboratories. Housing facilities include space for approximately 3,400 single students and 138 families.

Fiscally, the University currently operates on an annual budget of \$93.1 million with about \$44.7 million provided by the state and \$29.4 million coming from tuition and fees and other sources. Additionally, grants and contracts from external sources for research, service and academic/student support projects generate more than \$10 million each year. Private donations to the University, mainly through the MSU Foundation, Inc., have reached \$15 million.

Statistically, the University has awarded more than 51,000 degrees and currently has 1,049 full-time employees. The student body represents 105 Kentucky counties, 43 states and 37 foreign countries. The University attracts more than 55,000 visitors each year and its economic impact, directly and indirectly, on the Morehead area is estimated at more than \$80 million yearly.

Administratively, the University is governed by an 11-member Board of Regents with eight citizens appointed by the governor and three seats held by the elected faculty, staff and student representatives. Management of the institution is vested primarily in five divisions -- Academic

Affairs, Administration and Fiscal Services, Development and Alumni Relations, Student Life and University Relations--each headed by a vice president.

Athletically, the University sponsors 18 intercollegiate sports for men and women in accordance with the regulations of the Ohio Valley Conference, the Pioneer Football League and Division I of the National Collegiate Athletic Association. MSU also supports an intramural program involving more than 20 team and individual sports.

Dr. Ronald G. Eaglin President

Dr. Ronald G. Eaglin, an outspoken proponent of student success strategies in college administration, has served since July 1, 1992, as the 12th president of Morehead State University in Morehead, Ky.

A native of St. Louis, Mo., President Eaglin came to Kentucky from the chancellorship of Coastal Carolina University in Conway, S.C. Previously, he was vice chancellor for academic affairs at the University of South Carolina at

Spartanburg. Earlier, he was the southeast regional director of the American College Testing Program (ACT).

A former chair of Kentucky's Conference of University Presidents, Dr. Eaglin holds a bachelor's degree in biology and mathematics from Southeast Missouri State University, a master's degree in student personnel administration from Southern Illinois University and a doctoral degree in education psychology from the University of Utah.

President Eaglin's expertise in student retention recently was highlighted in a research report he wrote for the American Association of State Colleges and Universities (AASCU) on the role of campus chief executives in helping students be successful in college. Dr. Eaglin initiated a study of the teacher education program on the MSU campus that led to a review and improvement of the University's program. In addition, he was involved in the formation of a "P-16+ Regional Council" bringing together representatives from the public and private colleges in the area, school superintendents, local government leaders, members of state agencies and CEO's of regional businesses and industry, which is based at MSU.

The University's CEO has made presentations across the country on student retention and the role of the President in accomplishing this goal. Involved with numerous publications on this topic, he edited the book "Five Habits of Successful students" published by the International Organization for Student Success.

Dr. Eaglin was a member of the AASCU Board of Directors and had the distinction of representing two different institutions on the NCAA Presidents Commission. He currently serves on the NCAA Board of Directors for Division I. His consulting work in student personnel and academic matters has taken him in recent years to Cyprus, China and Ireland and to numerous campuses across this country.

President Eaglin is active in economic development matters in East Kentucky, serving presently by appointment of Gov. Paul Patton on the Kentucky Appalachian Commission and Education Pays Task Force. He is a member of the Board of Directors of the Morehead-Rowan County Chamber of Commerce.

The Pioneer Football League

The 2002 season is Morehead State University's second in the Pioneer Football League.

This season marks the 10th year for the PFL. However, it was during 2001 that the PFL saw its greatest changes since its inception in 1993.

The league grew to nine members with the addition of the four new schools, Austin Peay State University, Davidson College, Jacksonville University and Morehead State University. The expansion necessitated that two divisions be formed, with charter members Butler University, the University of Dayton, Drake University and Valparaiso University, plus the University of San Diego (joining in 1992) forming the North Division, and the newest members becoming the South Division.

The final 2001 season change was the creation of a championship game between the winners of the north and south division.

The PFL is committed to operating a quality football program for the benefit of student-athletes and the university community. It is comprised of NCAA Division I universities that previously sponsored intercollegiate football at other levels. With the passing of NCAA legislation at the January 1991 convention, Division I institutions were required to conduct all intercollegiate sports

at the divisional level. Therefore, the five charter members (Evansville the fifth before dropping football in 1997) – joined together, sharing a common academic and athletic philosophy and a common commitment to operate quality football programs.

The league spent its first season in 1993 under the administrative guidance of the Missouri Valley Conference, but the offices moved to St. Louis in 1994, where current commissioner Patty Viverito took over PFL leadership.

In 1996, the Yankee Conference, a football only conference, disbanded as its members began playing under the Atlantic-10 umbrella, making the Pioneer Football League and the Gateway Football Conference the only Division I conferences that sponsor football as their only sport. Additionally, the PFL, the Ivy League and the Patriot League are the only NCAA Division I-AA conferences that provide only need-based financial aid for football players.

The PFL remains a proponent of NCAA Division I-AA legislation that would develop a classification for Division I football programs operating with need-based aid and adopted the moniker of Pioneer based on the intent to become the first league in that new division.

Mission Statement

Dear Friends:

Morehead State University is committed to upholding the highest integrity within all procedures and practices of the athletic department. We are pleased to publish this note as a reference to understanding often confusing NCAA regulations.

The NCAA defines "representatives of athletic interests" as alumni, friends and boosters of the University. All member institutions are held accountable for their representatives' actions. One violation could jeopardize the eligibility of any or all Eagle Athletic programs.

As a general rule, anyone who has financially supported Eagle Athletics, been a member of any booster organization, or who has supported Eagle Athletics is considered a "representative" of Eagle Athletics. If anyone has questions regarding these types of relationships, please contact Brian Hutchinson, Associate Director of Athletics (606) 783-2593.

Prospective student-athletes can be defined as a student who has started classes in the ninth grade or any younger student-athlete who has received a benefit from the institution. These individuals may only be recruited by MSU coaches who have passed the *NCAA Recruiting Rules Examination*. While "representatives" of Eagle Athletics may speak to any of these individuals via telephone or in person, a recruiting effort must not be made. Also, no student-athlete or prospective student-athlete may receive any extra benefit outside of the support provided by the institution. For any questions regarding this description, please contact Jim Wells, Compliance and Educational Services Director (606) 783-5136.

These are certainly not all the regulations any "representative" of Eagle Athletics must remember. However, they provide a good outline of the types of things that could endanger the eligibility of any MSU Athletics program. Again, feel free to contact us if you have any questions. Thanks again for your support of Morehead State Athletics.

Sincerely,

Jim Wells
Compliance and Educational Services Director

Brian Hutchinson
Associate Director of Athletics

Morehead State University Intercollegiate Athletics Mission Statement

Morehead State University believes that Intercollegiate Athletics is an integral part of the University and that a broad-based intercollegiate athletics program encourages student participation and involvement in the total life of the University. In addition, intercollegiate athletic programs play a positive role by supporting the academic and public service missions of the University.

- Each athletics program shall be conducted in a manner that protects the physical, mental, emotional, and social welfare of each student-athlete.
- Each student-athlete, through academic counseling and individual assistance, shall be encouraged toward completion of degree requirements and graduation.
- Each athletics program shall adhere to the principles of fair play and amateur competition as defined by the National Collegiate Athletic Association and the Ohio Valley Conference.
- Each athletics program shall be administered at the highest level that the University's resources will allow so that each student-athlete will have the opportunity to compete to the fullest extent of his or her ability.
- The athletics programs at Morehead State University shall make every effort to educate and serve the student-athletes of the University's primary service area and their respective educational institutions.
- The athletics program will accommodate student's interests and abilities in a manner that is nondiscriminatory to both sexes and reasonable with the University's resources.
- The athletics program shall adhere to the University's Affirmative Action Plan promoting equal opportunity for all employees and students, as well as applicants for employment and student participation.
